

THE GREAT LAKES STATION

Rock Island county youths have been recruited and started to work in the Great Lakes naval training station.

The Rock Island county youths have been recruited and started to work in the Great Lakes naval training station. The youths are: William W. Ullmeyer, 1307 1/2 15th street, and the two Rock Island youths recruited, while Vernon W. Wells, 233 Forty-eighth street, Moline; Ralph R. Wright, 2111 Fifteenth street, Moline, and O. Rylander of Hampton, completed the county's quota.

Word was received today at the naval recruiting station in this city that enlistments will be accepted July 23, and that the local youths may recruit beyond its quota. The five youths already accepted last Tuesday and began work today with the opening of the school.

The work consists of practical training, physical development, discipline, education of character, and instilling of naval traditions. The course is for three months, but boys wishing to leave about Sept. 1, to return to school, may receive a discharge. They may, however, stay three months. All expenses are paid except train fare to the station. They receive a salary of \$33 per month.

Several young men who applied for enrollment into the school were turned away this week, because the required quota was filled before the new order was received. These boys will be enlisted now upon application.

CONDUCTOR PAID TRIBUTE FOR KIND ACT

"E. M. Allen, vice president and passenger traffic manager of the Rock Island line, recently received the following letter from a Rock Island patron:

"While riding on your local train leaving Chicago at 1 o'clock on the afternoon of May 8, I had the pleasure of witnessing a very fine piece of manliness performed by a real conductor.

"This gentleman, while passing through one of the cars noticed a woman with a baby about six weeks old. The child had been crying most of the time and he asked her in a kindly manner if the child was sick and if he could do anything to help it. She said no, the child was hungry and that she had forgotten its nurse bottle. Well, the conductor said, 'Can't you get it some milk at our next stop.' She said, 'Yes, but what will I put it in?' 'Well,' he said, 'I'll fix it up at Bureau.'

"The woman was young and did not understand much about babies, but the conductor had evidently had some good experience. At Bureau he secured a bottle of cream, borrowed a nurse bottle from some woman in another car, and the baby received its food.

"Really, I believe the child would have died only for the conductor, as it was gasping from hunger.

"This particular conductor is always on the job in good spirits. Having ridden his train many times I have always found him the same, treating people as if they were his customers, so to speak. I sincerely think he should be commended for the above act of kindness, for I feel sure the mother of the baby would not think of writing to you."

Beautiful Actress Attributes Her Wonderful Success to Her Famous Complexion Tells How You Also May Have One

Miss Dorothy Dalton

New York—When Miss Dorothy Dalton, one of the leading actresses who was selected for the leading role in that mammoth New York production, "Aphrodite," was questioned as to the secret of her phenomenal success, she unhesitatingly said, "My complexion." When asked further details she explained: "Everyone of my friends always remark about the texture and coloring of my skin, and I have no doubt but that my first engagement was made possible through the reputation I had acquired for a beautiful complexion. Managers are like ordinary mortals, they admire a beautiful skin as much as anyone, and in selecting their casts they naturally prefer those whose complexions are attractive. I think the best asset any girl or woman can have is a beautiful skin and complexion. It is easy to have this if one will spend only a little time in taking care of the skin. A girl may have irregular features, but if she possesses a beautiful complexion she will attract attention anywhere. I am always glad to tell any girl or woman just how they may possess a skin like mine. Here is the recipe: Night and morning cleanse the skin first with warm water. Then apply a good cold cream (Liska cold cream I have found to be the best) after removing it into the skin take off the surplus cream with a soft cloth. Then before going out during the day or evening I apply Derwillo, a simple toilet preparation which can be purchased at the main counter of any up-to-date drug or department store. The first application of this wonderful Derwillo will astonish you. It imparts instant beauty to the skin and gives a rose-white complexion—every
